"In early 2012
the P1-7 class at
Bressay Primary
School walked
to the Green Lily

Memorial Cairn at Grutwick, in Bressay.
It was a beautiful, calm day and it was hard
to imagine what had taken place there,
in atrocious conditions, just a few years
before. We were so fascinated by the story
of the *Green Lily* and had so many questions
about other Rescues and Wrecks around
Bressay, that we decided to find out more.

We started researching about the different
wrecks around Bressay and decided to write
our own interpretations of the stories behind
them. Everybody was so pleased with our
stories we thought it would be a good idea
to share them by making a 'Rescues and
Wrecks' trail around the island for local
people and visitors.

*We hope everyone who follows our trail enjoys
learning about the local maritime history of
Bressay as much as we did."*

BRESSAY Rescues & Wrecks TRAIL GUIDE

This is a guide to an information
trail around Bressay to learn about
some of the ships which
have wrecked around
the island over the
past 100 years.

This was designed
and put together as a
school project by the children
of Bressay Primary 2011-2012.

**Come, follow the trail and discover
some of the islands maritime history.**

BRESSAY Rescues & Wrecks TRAIL GUIDE

The list of information boards, their location, the ships researched and the pupil who did the work.
